Research Conference on Technology and Innovation

EdHat INTERNATIONAL RESEARCH CONFERENCE ON TECHNOLOGY AND INNOVATION

IRCTECiN 2019 aims to bring together scholars, practitioners and policy makers in varied Technological Fields at one forum from around the world. This event will provide them an opportunity to present and share their original research and expertise on Varied Technological fields in developed and emerging economies. The technological advancements has been beneficiary to humans in several fields at Medical level, Industrial level, ICT, Agriculture, Engineering and many more. The conference will cover a broad spectrum of relevant themes, methodologies, and research approaches including empirical, conceptual, review and case studies. Original papers are invited based on the themes outlined below. The following are illustrative of the scope of conference and are not meant to be exhaustive.

ADVANCES IN ENGINEERING TECHNOLOGY RESEARCH

- Air, Maritime, & Public Transport
- Apparel Production Engineering
- Applied Statistics
- Automation Engineering
- Big Data, Machine Learning, and Cloud Computing
- Biomedical Engineering
- Ceramic Engineering
- Chemical Engineering
- Civil Engineering
- Climate Modeling
- Composite Materials
- Computer Networks & Security
- Construction Management
- Control Systems
- Data Science
- Design & Manufacturing Engineering
- Electrical Machines & Solid State Drives
- Electrical Power
- Electronic Engineering
- Energy & High Voltage Engineering
- Engineering Mathematics & Statistics
- Engineering Related HR & Marketing Management
- Entrepreneurship & Innovation
- Environmental Engineering
- Fashion Design & Product Development
- Fluid & Energy Engineering
- Food & Biochemical Engineering
- Geotechnical Engineering
- Health Education and Health Promotion
- Hydraulics Engineering
- Industrial Engineering

- Interdisciplinary applications of Engineering
- Machine Vision & Image Processing
- Mechatronics & Micromechatronics
- Metallurgical Engineering
- Micro/Nano Electro Mechanical Systems (MEMS/NEMS)
- Mineral Exploration & Process Engineering
- Mining Engineering
- Mobile & Cloud Computing
- Nano Science & Technology
- Numerical Methods In Engineering
- Ocean Engineering
- Petroleum Engineering
- Physical Education and Adapted Physical Education
- Polymer Engineering
- Quality Management
- Robotics
- Signal Processing
- Software Engineering
- Sports Management
- Sports and Exercise Sciences
- Structural Engineering
- Supply Chain & Logistics
- Technical Textiles
- Technology Management
- Telecommunication Systems
- Textile Process Engineering
- Thermodynamics
- Transportation Engineering

ADVANCES IN BIO SYSTEMS ENGINEERING RESEARCH

- Biological Engineering and Sciences
- Biological Systems Engineering
- Biomedical Engineering
- Bioprocess Engineering
- Biotechnology
- Food Engineering
- Genetic Engineering
- Global Food processing technology and trends
- Pharmaceutical Chemistry and Natural Products Biosynthesis
- Molecular Biology and Neurobiology
- Advances in Plant Biotechnology
- 3D Cultures and Organoids
- Materials, Biomaterials, Nanobiotechnology and Nanobiomaterials
- Bioinformatics and Biocomputing
- Application of biotechnology in medicine, agriculture and industry.
- Biotransport
- Cellular, Molecular and Tissue Engineering
- Drugs and Pharmaceutical Products for Human Beings, Animals and Plants

- Genetic Engineering and Commercial Biotechnology
- Green Biotechnology
- Implant Design and Mechanics
- Medical Robotics
- Microbiology
- Muscle/Neuromuscular/Musculoskeletal Mechanics and Engineering
- Rehabilitation and Clinical Engineering
- Reproductive and Urogynecological Mechanics
- Telemedicine
- Toxicology and Safety
- Biomedical Signal and Image Processing
- Biomedical Modeling and Computer Simulation
- Biometric and Bio-measurement
- Bionanotechnology
- Biophysics
- Biopolymers
- Biorefineries

o Please note that Literature Survey/Review papers will not be accepted. All papers submitted will be checked for plagiarism.

o Authors can submit full and original research papers from the above interested areas, which have NOT been submitted/published or under consideration anywhere in any other conferences/journal.

IMPORTANT DATES

Call for extended abstracts	-	15th May 2019
Deadline for extended abstract submission	-	1st September 2019
Notification of acceptance	-	30th September 2019
Deadline for early bird registration	-	15th October 2019
Final submission of extended abstract	-	15th October 2019

Deadline for normal fee payment - 11th November 2019
